**COLOR SHADE VARIATION**

Variations in color, shade, and texture are inherent in ceramic tile. Several pieces should be examined collectively prior to installation.

Grout Joint Recommendation: Approximately 1/8"

**APPLICATION**

Appropriate for interior and exterior floors and walls in freezing and non-freezing temperatures. Porcelain tile floors, like other types of glazed floors, can become slippery when wet. Take extra care when selecting a floor product that will be exposed to conditions such as liquids, grease, or oil. Always follow proper installation methods.

Casa™, a dramatic chiseled edge travertine recreation in glazed porcelain, is highlighted by its unique tile size options. In addition to the 13x13 size, it is available in 8x8, 8x16, 16x16, and 16x24 sizes which can be combined on the floor to create a beautiful Versailles pattern. An artistic listello, listello corner, and cigaro provide creative design options for counters and walls.

Casa™ can be used in both residential and commercial applications.
